Portfolio profile

The fund is a general equity fund that seeks to maximise long-term capital growth by investing in listed South African equities. The fund's objective is to outperform the listed South African equity market, without assuming greater risk. The fund focuses on stock selection, applying Perpetua's all-encompassing valuation based investment methodology. The fund is not benchmark cognisant. As a result, its holdings can at times differ from the benchmark and other equity funds.

Risk/reward profile and 2 year statistics

Risk	Low	Low-mod	Mod	Mod - high	High
Term	1 - 3mths	3mths - 1yr	1 - 3yrs	3 - 5 yrs	5+ yrs
Standard deviation ¹					15.04
Sharpe ratio ²					-0.18
Largest negative monthly return					-8.55
Number of positive months					11 / 24

¹Standard deviation – measures the volatility of fund returns ²Sharpe ratio – fund return minus cash return (STeFI composite), divided by the Standard deviation (of fund returns)

Specific risks

The portfolio is concentrated which comes with the risk of more volatile returns relative to the broader market when the securities invested in underperform.

This portfolio is permitted to invest in foreign securities which, within portfolios, may have additional material risks, depending on the specific risks affecting that country, such as: potential constraints on liquidity and the repatriation of funds; macroeconomic risks; political risks; foreign exchange risks; tax risks; settlement risks; and potential limitations on the availability of market information. Fluctuations or movements in exchange rates may cause the value of underlying international investments to go up or down. Investors are reminded that an investment in a currency other than their own may expose them to a foreign exchange risk.

Portfolio mandate

Objective/investment policy

The Perpetua MET Equity Fund is a general equity portfolio that seeks to sustain high long-term capital growth. The portfolio's investment universe consists of equity securities, preference shares, debentures, debenture bonds, money market instruments, property shares and property related securities listed on exchanges and assets in liquid form. The portfolio may also invest in participatory interests and other forms of participation in portfolios of collective investment schemes, registered in South Africa and other similar schemes operated in territories with a regulatory environment which is of a sufficient standard to provide investor protection at least equivalent to that in South Africa and which is consistent with the portfolio's primary objective. The portfolio may from time to time invest in listed and unlisted financial instruments in order to achieve the portfolio's investment objective. The manager may also include forward currency, interest rate and exchange rate swap transactions for efficient portfolio management purposes.

Limits and constraints

- The portfolio's equity exposure will always exceed 80% of the portfolio's net asset value.

Disclosures

MET Collective Investments (RF) (Pty) Ltd (the "Manager"), registration number 1991/003741/07, is authorised in terms of the Collective Investment Schemes Control Act, No 45 of 2002 (CISCA) to administer Collective Investment Schemes (CIS) in Securities. The Manager is the manager of the MET Collective Investments Scheme, and MMI Holdings Ltd is a full member of the Association for Savings and Investment SA. Standard Bank of South Africa Limited, registration number 1962/000738/06, is the trustee of the scheme.

Perpetua MET Equity Fund is a portfolio of the MET Collective Investments Scheme and Perpetua Investment Managers (Pty) Ltd, registration number: 2006/014297/07, an authorised financial services provider ("FSP") under the Financial Advisory and Intermediary Services Act No. 37 of 2002 ("FAIS"), FSP number: 29977, is the investment manager of this portfolio.

Perpetua MET Equity Fund is a co-named portfolio, operating under an agreement entered into between the Manager and Perpetua Investment Managers (Pty) Ltd, registration number: 2006/014297/07, an authorised FSP under FAIS, FSP number: 29977. A co-named portfolio is a third party named portfolio bearing the name of both the Manager and the FSP, where the FSP undertakes financial services of a discretionary nature, as contemplated in FAIS, in relation to the assets of the portfolio. The Manager retains full legal responsibility for all third party named portfolios under the MET Collective Investments Scheme. This information is not advice, as defined in the Financial Advisory and Intermediary Services Act (No. 37 of 2002). Please note that there may be representatives of the FSP acting under supervision. Your financial adviser may be a related party to the FSP and/or the Manager of this portfolio. It is your financial adviser's responsibility to disclose details of any conflicts of interests that may apply, as well as all fees that they receive, in relation to an investment in this portfolio.

The Total Expense Ratio (TER) is the percentage of the net asset value of the class of the Financial Product incurred as expenses relating to the administration of the Financial Product. A higher TER does not necessarily imply a poor return, nor does a low TER imply a good return. A current TER may not necessarily be an accurate indication of future TER's. The disclosed TER is shown as an annual percentage based on data for the period from 22 September 2014 to 31 March 2017. Included in the disclosed TER, the TER PF (%) shows the performance fee, as a percentage of the net asset value of the class of the Financial Product, that was recovered. The Transaction Costs Ratio (TC) is the percentage of the net asset value of the Financial Product incurred as costs relating to the buying and selling of the assets underlying the Financial Product. Transaction costs are a necessary cost in administering the Financial Product and impacts Financial Product returns. The TC should not be considered in isolation as returns may be impacted by many other factors over time including market returns, the type of Financial Product, the investment decisions of the investment manager and the TER. The disclosed TC is shown as an annual percentage based on data for the period from 22 September 2014 to 31 March 2017. The Total Investment Charges (TIC) is the sum of the TER and the TC and is shown as a percentage depicting the annual costs relating to the investment of the Financial Product. Cost ratios are calculated using historical actual and/or estimated data and are provided solely as an indication/guide as to the annual expenses/costs that could be incurred. These ratios do not represent any current/actual charges or fees.

All portfolio performance is calculated for a portfolio/portfolio class. Individual investor returns may differ as a result of fees, actual date(s) of investment, date(s) of reinvestment of income and withholding tax. Annualised returns, also known as Compound Annualised Growth Rates (CAGR), are calculated from cumulative returns; they provide an indication of the average annual return achieved from an investment that was held for the stated time period. Actual annual figures are available from the Manager on request. All portfolio performance figures quoted (tables and charts where present) are as at 31/07/2017, based on a lump sum investment, using NAV-NAV prices with income distributions reinvested on the ex-dividend date. CPI/Inflation figures, where present, are lagged by one month. Cash figures, where present, are STeFI Composite Index returns. All figures quoted in ZAR. Source: Morningstar and/or Momentum.

CIS are generally medium to long-term investments. The value of participatory interests may go down as well as up and past performance is not necessarily a guide to the future. CIS are traded at ruling prices and can engage in borrowing and scrip lending. The CIS may borrow up to 10% of the market value of the portfolio to bridge insufficient liquidity. Different classes of units apply to portfolios, which are subject to different fees and charges. A schedule of fees and charges and maximum commissions is available on request from the Manager. The Manager reserves the right to close and reopen certain portfolios to new investors from time to time in order to manage them more efficiently in accordance with their mandate. Portfolios are valued daily at approx. 15h00, latest prices can be viewed at www.metci.co.za and in some national newspapers. Forward pricing is used. Instructions must reach the Manager before 14h00 to ensure same-day value. The Manager does not provide any guarantee, either with respect to the capital or the return of this portfolio. Additional information on the proposed investment including, but not limited to, brochures, application forms and the annual report and any half yearly report can be obtained, free of charge, at www.metci.co.za or on request from the Manager. This document should not be seen as an offer to purchase any specific product and is not to be construed as advice. Investors are encouraged to obtain independent professional investment and taxation advice before investing with or in any of the Manager's products.
